

December 2022

Dear Friends and Partners,

2022 is ending, and this is the perfect time to summarize the year gone by.

Tourism returned with astonishing speed in March, and we had to prepare quickly for your requests and the arrival of an unprecedented number of tourists who had yearned for more than two years to return to the Holy Land.

Our biggest challenge was to return our staff and to hire and educate new employees. Again, we apologize for the delay in our answers and genuinely appreciate your understanding and patience. Thank you for being so supportive.

We are very excited to look forward to 2023 and to continue our mutual passion for **DELIVERING & CREATING MEMORABLE EXPERIENCES** for your clients.

We wish you and your families a very Merry Christmas.  
Happy Chanukah and a safe and healthy New Year.

Warm regards,

Oni & Yuval Amiel and your Amiel Team
